

	Autumn	Spring	Summer
Year 1	<ul style="list-style-type: none"> • Number Sense – includes place value, rounding and measurement • Additive Reasoning - includes place value, addition and subtraction and measure • Geometric Reasoning – includes properties of shapes and position and direction 	<ul style="list-style-type: none"> • Number Sense – includes place value, and measurement • Multiplicative Reasoning- includes place value, multiplication and division and measurement • Additive Reasoning – includes place value, addition and subtraction, measure and statistics 	<ul style="list-style-type: none"> • Geometric Reasoning – includes properties of shapes and position and direction • Number Sense – includes place value, and measurement • Additive Reasoning – includes place value, addition and subtraction and measurement • Multiplicative Reasoning- includes place value, multiplication and division, fractions and measurement • Geometric Reasoning – includes properties of shapes, fractions and position and direction
Year 2	<ul style="list-style-type: none"> • Number Sense – includes place value, rounding, measurement and statistics • Additive Reasoning - includes place value, addition and subtraction and measurement • Geometric Reasoning – includes properties of shapes and position and direction 	<ul style="list-style-type: none"> • Number Sense – includes place value, multiplication and division, measurement and statistics • Multiplicative Reasoning- includes place value, multiplication and division and measurement • Additive Reasoning – includes place value, addition and subtraction, measurement and statistics 	<ul style="list-style-type: none"> • Geometric Reasoning – includes properties of shapes and position and direction • Number Sense – includes place value, multiplication and division, measurement and statistics • Additive Reasoning – includes place value, addition and subtraction, measure and statistics • Multiplicative Reasoning- includes place value, multiplication and division, fractions and measurement

<p>Year 3</p>	<ul style="list-style-type: none"> • Number Sense – includes place value, measurement and fractions • Additive Reasoning – includes place value, addition and subtraction, measurement and statistics • Multiplicative Reasoning- includes place value and multiplication and division • Geometric Reasoning – includes properties of shapes 	<ul style="list-style-type: none"> • Additive Reasoning – includes place value, addition and subtraction, measurement and statistics • Multiplicative Reasoning- includes place value, multiplication and division and fractions • Geometric Reasoning – includes properties of shapes 	<ul style="list-style-type: none"> • Number Sense – includes place value, measurement and statistics • Additive Reasoning – includes addition and subtraction, measurement and statistics • Number Sense – includes place value and fractions • Multiplicative Reasoning- includes place value, multiplication and division, measurement and fractions • Geometric Reasoning – includes properties of shapes
<p>Year 4</p>	<ul style="list-style-type: none"> • Number Sense – includes place value, fractions and measurement • Additive Reasoning – includes addition and subtraction, measurement and statistics • Multiplicative Reasoning- includes place value and multiplication and division • Geometric Reasoning – includes properties of shapes 	<ul style="list-style-type: none"> • Additive Reasoning – includes addition and subtraction, measurement and statistics • Multiplicative Reasoning- includes place value, multiplication and division, measurement and fractions • Geometric Reasoning – includes properties of shapes and position and direction 	<ul style="list-style-type: none"> • Number Sense – includes place value, measurement, fractions and statistics • Additive Reasoning – includes addition and subtraction, fractions, measurement and statistics • Multiplicative Reasoning- includes place value, multiplication and division, measurement and fractions • Geometric Reasoning – includes properties of shapes, measurement and position and direction
<p>Year 5</p>	<ul style="list-style-type: none"> • Number Sense – includes place value, multiplication and division, measurement and fractions • Additive Reasoning – includes addition and subtraction, measurement and statistics 	<ul style="list-style-type: none"> • Additive Reasoning – includes addition and subtraction, measurement and statistics • Number Sense – includes multiplication and division and fractions, decimals and percentages • Multiplicative Reasoning- includes multiplication and division, 	<ul style="list-style-type: none"> • Number Sense – includes place value, multiplication and division measurement and fractions, decimals and percentages • Additive Reasoning – includes addition and subtraction, measurement and statistics

	<ul style="list-style-type: none"> • Multiplicative Reasoning- includes multiplication and division and measurement • Geometric Reasoning – includes properties of shapes • Number Sense – includes place value, multiplication and division, measurement and fractions, decimals and percentages 	<p>measurement and fractions, decimals and percentages</p> <ul style="list-style-type: none"> • Geometric Reasoning – includes properties of shapes and position and direction 	<ul style="list-style-type: none"> • Multiplicative Reasoning- includes multiplication and division, measurement and fractions, decimals and percentages • Geometric Reasoning – includes properties of shapes, position and direction and measurement
Year 6	<ul style="list-style-type: none"> • Number Sense – includes place value, measurement and fractions, decimals and percentages • Additive Reasoning – includes addition and subtraction, multiplication and division, fractions, decimals and percentages, algebra measurement and statistics • Multiplicative Reasoning – includes addition and subtraction, multiplication and division, fractions, decimals and percentages, algebra, ratio and proportion, measurement and statistics • Geometric Reasoning – includes properties of shapes, algebra and measurement 	<ul style="list-style-type: none"> • Additive Reasoning – includes addition and subtraction, multiplication and division, fractions, decimals and percentages, algebra measurement and statistics • Number Sense – includes measurement and fractions, decimals and percentages, algebra and statistics • Multiplicative Reasoning – includes addition and subtraction, multiplication and division, fractions, decimals and percentages, algebra, ratio and proportion, measurement and statistics • Geometric Reasoning – includes properties of shapes, position and direction, algebra, measurement and ratio and proportion 	<ul style="list-style-type: none"> • Number Sense – includes place value, measurement and fractions, decimals and percentages • Additive Reasoning – includes addition and subtraction, multiplication and division, fractions, decimals and percentages, algebra measurement and statistics • Number Sense – includes measurement and fractions, decimals and percentages, algebra and statistics • Multiplicative Reasoning – includes addition and subtraction, multiplication and division, fractions, decimals and percentages, algebra, ratio and proportion, measurement and statistics • Geometric Reasoning – includes properties of shapes, position, direction and motion, algebra, measurement and ratio and proportion
